Eduardo Paolozzi - General Dynamic F.U.N. A Hayward Touring Exhibition

Saturday 10 September 3pm – 5pm with a performance by award winning Samba Roc* at 3.15pm

This exhibition continues until Saturday 8 October 2016

Sir Eduardo Paolozzi (1924–2005) was one of the pioneers of the Pop art movement in the UK. Born in Scotland, Paolozzi was a compulsive collector.

General Dynamic F.U.N. is a series of fifty screenprints and photolithographs created by Paolozzi between 1965 and 1970. Here Paolozzi employs the technologies of mass-reproduction and gorges on its idols – the household names and familiar faces of consumer advertising, high fashion and Hollywood.

Running alongside this exhibition, in our Project Space, there will be a display of artworks inspired by Paolozzi and created by adults attending ROC Creative Honiton. ROC Creative is an exciting developmental arts project supporting and involving people with learning disabilities.
