**Léonie Hampton and
Lara Goodband in conversation
from 6pm**

Léonie Hampton is from the artist collective Still/Moving. Her lens captures both the beauty of the natural world while attending to the urgent climate crisis through the tender relationships she creates between human hand, body and mouth, and the food she and her family grow.

Hampton's photographs provide a rich context to consider our place in this fragile world and our need to respect, nurture and tread lightly within it.

**The exhibition continues
until 4 March 2023**

Commissioned by the Royal Albert Memorial Museum and Art Gallery (RAMM) and curated by Lara Goodband, Contemporary Art Curator and Programmer, RAMM
